Technician (Fashion Technology)

Design, Creative and Digital Industries

UNIVERSITY OF
WESTMINSTER 

OUR UNIVERSITY

Under the inspirational leadership of Professor Peter Bonfield OBE, the University of Westminster is a place where discoveries are made, barriers are broken, diversity is celebrated and where everyone is welcome. Serving more than 21,000 undergraduate, postgraduate, apprentice and executive students, our mission is to transform the lives of young people from all backgrounds. We seek to make the world a more inclusive, sustainable, better and healthier place through our educational, research and knowledge exchange endeavours.

Since our founding in 1838 we have stood out as innovators, committed to tackling social inequalities. In 2021, our University ranked 2nd in England out of more than 100 higher education institutions for social mobility. The ranking - produced by the Institute for Fiscal Studies and the Sutton Trust - compares the number of students from low-income backgrounds at universities, and the extent to which their studies helped them to move up the income ladder. Westminster has the second highest performance among universities in England.

As we focus forward to 2029, we will continue to do so in a way that is true to our progressive, compassionate and responsible values. Our education offer will be more personalised and authentic, giving students from all backgrounds an opportunity of transformative learning, helping them succeed in their studies and professional lives. Our curriculum will be employability-linked, leading to stronger outcomes and helping prepare our graduates for the world of work and for life. Our research and knowledge exchange will enable us to maximise our positive impact on societies in the UK and around the world in an environment where everyone is inspired to succeed. Our priorities of wellbeing, inclusion and sustainable development will help us as we navigate through the challenges and opportunities towards 2029.

OUR PRIORITIES

The University's 2022-2029 strategy, *Being Westminster*, sets us apart and builds on our unique history and achievements. In our University, we value social justice, moral conscience, inclusivity and equality, acting positively together to make change for good.

The University of Westminster has three priorities.

WELLBEING

Working and studying together at Westminster as a community of students and colleagues is a big part of our lives – doing so in an environment that places our wellbeing front and centre helps us to be safe and feel safe. We care for the safety, health and wellbeing of those around us as well as ourselves.

INCLUSION

All Westminster, colleagues and students are in a supportive and safe learning and working environment which is equitable, diverse and inclusive, is based on mutual respect and trust, and is a place where harassment and discrimination are not tolerated. As a responsible institution, we strive to ensure and to champion equality. As a progressive institution, we take pride in our diversity. As a compassionate institution, we commit to an inclusive culture that allows students and colleagues to reach their full potential.

SUSTAINABLE DEVELOPMENT

We take inspiration from the 17 United Nations' Sustainable Development Goals (SDGs) in how we drive our actions and activities and governance across our University. As a community, we bring together our collective energies to play our part in addressing the climate crisis and inequalities to enable a more sustainable and socially just world. We are one of the top 20 universities in the world in SDG 5 for providing equal access and supporting the academic progression of women. We are one of the top 25 universities in the world in SDG 10 tackling economic, health based and international inequalities. We are in the top 50 universities in SDG 12 for promoting resource and energy efficiency, having a sustainable infrastructure, and providing access to basic services for all.

OUR OBJECTIVES 2022-2029

Against a backdrop of a changing and challenging higher education environment, the University has recently completed a major review of its objectives and strategy, and has published its commitments for the period 2022-29.

EDUCATION

We will offer personalised and authentic education, underpinned by an inclusive curriculum, to enable all our students, from all backgrounds, to engage in transformative learning and to succeed in their studies and professional lives. We will address global, political, and social challenges through a relevant demand-led and forward-looking portfolio. We will do this by offering authentic teaching, learning and assessment modes which immerse students in the wider-world through live projects, work-based learning and global opportunities. We will invest in our people to enable all teaching colleagues to plan and deliver exceptional learning experiences and professional colleagues to offer exceptional support. Students will be empowered by working in partnership with colleagues and fellow students to shape the Westminster experience. We will develop an integrated physical and digital environment that supports excellent practical, active and collaborative learning for all our students.

RESEARCH AND KNOWLEDGE EXCHANGE

Research and knowledge exchange are fundamental to our commitment to making a positive difference to the world and transforming lives. We are committed to research in four priority areas: Diversity and Inclusion; Health Innovation and Wellbeing; Sustainable Cities and the Urban Environment; Arts, Communication and Culture. Our excellence in research and knowledge exchange will infuse our education endeavour, inspiring and equipping our students as agents of change locally as well as globally. We will continue to grow our community of PhD researchers, ensuring that the Westminster postgraduate research experience remains sector leading and the foundation for great careers. In knowledge exchange we will focus on engagement with government, business and with the public and local community. We will achieve more when we identify shared interests and build partnerships with our communities and collaborate for the public good with a clear civic purpose.

EMPLOYABILITY

We will ensure that all our students benefit from employability-led learning and purposeful engagement with employers, business and industry, to give students from every background the best possible preparation for the world of work and enable the best possible employability outcomes. We will do this through the further extension and embedding of programmes such as work-based and placement learning; the Westminster Employability Award; Westminster Working Cultures; mentoring; and student enterprise. Employability-related learning will be a core and critical part of the courses and curriculum we offer, right across the University. It will be front and centre of life at the University for students and colleagues.

A key priority will be the development of a dedicated Centre for Employability and Enterprise at 29 Marylebone Road, intended to transform our student experience and our engagement with business, industry and employers. The Centre will provide a game-changing experience through which undergraduate and postgraduate students from across Westminster will come together and practise enterprise; develop an entrepreneurial mindset and skills; access training, work, projects, business advice and mentoring; and connect directly with employers. The future-focused environment of the Centre will scale up our employability provision, helping our students to be 'fit for the future' in the most challenging of post-pandemic labour markets and economic environments. It will strengthen links between our UK-based and international employer partners and our motivated, bright, work-ready students, affording employers access to a diverse mix of people right for the needs of the contemporary workforce.

GLOBAL ENGAGEMENT

We will raise the international reputation and reach of the University, ensuring that 30% of our undergraduate community and 70% of our taught postgraduates come to us from overseas. Overseas partnerships will remain central to our global engagements. We will prioritise the outward mobility of our students to partner institutions, contributing to students' development of employability skills and competences. We will extend and deepen our Trans-National Education relationships. These partnerships, particularly that with Westminster International University in Tashkent, will move beyond franchised or validated arrangements to embrace employability, alumni-related research, CPD and knowledge exchange connections.

OUR STRUCTURE

ACADEMIC STRUCTURE

Our structure is built to deliver an enhanced learning environment, stronger and broader industrial, international and professional connections and pioneering and impactful research. The University comprises three Colleges:

Westminster Business School

- School of Organisations, Economy and Society
- School of Finance and Accounting
- School of Applied Management
- School of Management and Marketing

Design, Creative and Digital Industries

- School of Architecture and Cities
- Westminster School of Arts
- School of Computer Science and Engineering
- Westminster School of Media and Communications

Liberal Arts and Sciences

- School of Social Sciences
- Westminster Law School
- School of Humanities
- School of Life Sciences

The University Executive Board comprises:

- Vice Chancellor and President
- Deputy Vice Chancellor (Employability and Global Engagement)
- Deputy Vice Chancellor (Education and Students)
- Deputy Vice Chancellor (Research and Knowledge Exchange)
- Chief Operating Officer and University Secretary
- Three Heads of College

PROFESSIONAL SERVICES

Our Professional Services teams support the effective and professional delivery of our teaching, research and knowledge exchange and the management of student residences and sports facilities.

- Academic Registry
- Business Engagement
- Estates
- Finance and Commercial Activities
- Global Recruitment, Admissions, Marketing and Communications
- Information Systems and Support
- People, Culture and Wellbeing
- Strategy, Planning and Performance
- Student and Academic Services

JOB DESCRIPTION

Job Title: Technician (Fashion Technology)

Reports to: Technical Team Lead (Body and Print)

Department: Design, Creative and Digital Industries

Grade: NG5

ROLE PURPOSE

To support the academic delivery of college activities (teaching, studios, research, CPD and knowledge exchange activities), through the provision of a high quality and customer-focused technical service to colleagues, students and external clients/users.

PRINCIPAL ACCOUNTABILITIES

1. To work as a member of a technician team delivering a range of customer-focused technical services within the school or college furthermore, the fashion departments including MA or BA and providing support for the core activities of the School/College (teaching, research and knowledge exchange) and its users.
2. To comply with all relevant Health and Safety requirements in the designated technical services area, monitoring and ensuring the safe usage of all equipment and materials by users.
3. To instruct users in, and carry out demonstration of, the safe and correct use of equipment and materials, on both an ad-hoc basis and during scheduled practical sessions throughout the year, maintaining appropriate records that this instruction has taken place.
4. To provide specialist technical support to academic colleagues and students during the preparation and delivery of practical classes (e.g as part of the undergraduate or postgraduate curriculum, as part of support for research projects, summer school or CPD/short-course activity). Such specialist technical support includes (but is not limited to):
 - a) To produce high quality 3D items in a variety of materials/fabrics, and advise users on potential materials considerations;
 - b) To assist in the preparation of our annual end of year show and digital presentations.
 - c) To contribute to the development of multi-media facilities and act as an in-house specialist of relevant software and equipment.
 - d) To provide advice and support to users in the context of their individual research e.g. Pattern cutting and garment construction.

5. To carry out the regular inspection and evaluation of equipment in the designated technical services area, to ensure that it conforms to required Health & Safety standards; maintaining and undertaking minor repairs to equipment (where the post holder has had the necessary training to undertake such repairs), and referring maintenance requirements to the Technical Team Lead when required. To keep the designated technical service area in a clean, safe and fully operational condition.
6. To maintain an inventory of stock/materials in the designated technical services area and re-order requirements, in a timely manner to maintain optimum levels at all times throughout the year.
7. To supervise and guide other technical colleagues, as and when required by the Technical Team Lead, in the safe and correct operation of equipment and materials.
8. To participate in and contribute to relevant internal or external networks (e.g. Technician team meetings, user groups, committees, professional networks), as directed by Technical Team Lead. To undertake relevant continuous professional development activities to maintain up to date knowledge and skills in the designated specialism.
9. To contribute to writing technical guidance/manuals for users relevant to the designated technical service area and its equipment and provisions.
10. To undertake any other duties within their competence and appropriate to the grade, as required by the line manager or his/her nominee.

CONTEXT

The College is committed to providing a dynamic, interdisciplinary environment that supports both the creative and technical development of our students. In the Fashion department, the Fashion Technician will play a critical role in assisting students with the technical aspects of garment creation, pattern cutting, and fabric manipulation. Working within a collaborative team of fashion technicians, the post-holder will ensure that students have access to the necessary tools, machinery, and guidance to translate their design concepts into high-quality, finished products. The technician will work closely with academic staff and other technical team members to maintain an efficient, student-centred workspace, supporting the delivery of both undergraduate and postgraduate courses.

The Fashion Technician will also be responsible for maintaining equipment and ensuring compliance with health and safety protocols in the workshops. A customer-focused approach is essential, and the post-holder is encouraged to engage in continuous professional development, ensuring they remain up to date with the latest advancements in fashion technology and production techniques.

DIMENSIONS

- The post-holder works as part of a team of up to 3 fashion technicians and will not have direct line management responsibilities.
- The post-holder is responsible for the maintenance and safe use of fashion equipment and machinery, ensuring compliance with health and safety standards.
- The post-holder will support around 200 students across various fashion-related courses, providing technical expertise during workshops, open studio sessions, and individual student projects.
- There may be restrictions on annual leave during peak project deadlines and term time.

PERSON SPECIFICATION

QUALIFICATIONS

Essential

- A Degree in Fashion Design or a closely related subject and/or equivalent relevant work experience or demonstrating experience in garment production processes in both women's and menswear. Experience of working with garment construction related techniques and an ability to communicate them well.

Desirable

- Relevant post-graduate or professional qualification, or demonstrable equivalent level of professional experience.

TRAINING AND EXPERIENCE

Essential

- Proven understanding of health and safety legislation, requirements and best practice in the context of the specific working environment
- Strong working knowledge of a variety of pattern cutting methods, including basic blocks, flat pattern cutting, grading and draping. Additional creative methods and CAD pattern cutting experience would be of distinct advantage
- Proficient in using a range of industrial sewing machines including over lockers, domestic and specialist machines and the ability to induct stake holders on the safe use of this equipment confidently
- Understanding of fabrics furthermore, fabric manipulation and pressing including the use of industrial steam irons and presses
- Awareness of contemporary manufacturing and fashion production processes with an ability to make sample garments at industry standard
- Demonstrate a knowledge of carrying out basic maintenance routines on relevant equipment.

Desirable

- Experience of contributing to the content of supporting documentation (e.g manuals/guidance)
- Experience of working in a relevant workshop/studio environment, including experience in demonstrating fashion related equipment & processes at a range of

levels, for stake holders with specific learning differences

- The ability to operate a range of studio/workshops in the use of digital fashion technologies and testing equipment including, Body Scanning –3D body scanner, handheld body scanner, magic mirror, and eye tracking technologies, non-sew technologies and single ply cutting
- Use of computers in a Fashion context such as Photoshop, Illustrator, Clo3D, Lectra and how digital data can inform prototyping equipment such as Plotters and embroidery machines
- Experience of working with different materials, techniques and processes within the arts such as: mixed media, textiles and digital art techniques

APTITUDES, ABILITIES AND PERSONAL ATTRIBUTES

Essential

- Excellent IT skills including word processing, spreadsheets, and Creative packages such as Adobe Photoshop, Illustrator and InDesign
- Excellent interpersonal skills with the ability to communicate information effectively (either verbally or in written form), and articulate complex issues in a manner which is clear and concise
- Excellent planning skills, with attention to detail and the ability to meet deadlines and work well under time constraints and other pressures
- Ability to work both independently and in a team environment
- Good interpersonal skills and the ability to manage and motivate colleagues and to create a positive working environment
- A customer-focused approach, and the ability to demonstrate this approach in personal working practices
- A commitment to continuous personal professional development
- The flexibility to adapt in an ever-changing sector and an ability to analyse situations, explore, evaluate and recommend potential solutions
- Fully committed to contributing to a stimulating learning and working environment, which is supportive and fair, based on mutual respect and trust, and in which harassment and discrimination are neither tolerated nor acceptable

Desirable

- Willing to deliver hours flexibly according to need

HOW TO APPLY

To apply for this vacancy, please visit our [vacancies page](#) where you will be able to download our application form template. You will then be requested to complete a quick registration before being able to upload completed application form and any supporting documentation.

Applications should include:

- A concise statement in support (ideally no longer than two pages), addressing the criteria in the Person Specification and motivation for applying.
- You may also include an up to date curriculum vitae;
- names and contact details of two referees (although referees will only be approached at offer stage).

The deadline for receipt of applications is midnight on 16 October 2024

Interviews will take place on 24 October 2024

An appointment will be made subject to proof of eligibility to work in the UK and satisfactory references being obtained.

At the University of Westminster, diversity, inclusion and equality of opportunity are at the core of how we engage with students, colleagues, applicants, visitors and all our stakeholders.

We are fully committed to enabling a supportive and safe learning and working environment which is equitable, diverse and inclusive, is based on mutual respect and trust, and in which harassment and discrimination are neither tolerated nor acceptable.

The University has adopted Smart Working principles to support and further our Equality, Diversity and Inclusion aims of being an inclusive, collaborative and flexible employer. Further details of Smart Working can be discussed at interview stage.

OUR BENEFITS

The University offers a range of wellbeing and work-life balance benefits to recognise and reward the essential contribution our colleagues make to success and growth. Our benefits are inclusive for colleagues of all backgrounds including LGBTQ+ colleagues, disabled colleagues, pregnant colleagues, parents and carers, as well as colleagues of all genders, age, ethnicities, nationalities, religion and beliefs, and marriage and civil partnership status.

- 35 days annual leave per year, plus bank/national holidays and University of Westminster closure days (pro-rata for part-time staff).
- A generous occupational pension scheme.
- Annual incremental progression and/or cost of living reviews.
- Generous maternity, paternity and adoption leave.
- Flexible working and smart working.
- Learning and development opportunities.
- Free membership rates for a wide range of sporting facilities, including gyms at Regent Street and Harrow campuses, as well as the Chiswick Sports Ground.
- Employee assistance programme.
- The opportunity to participate in other attractive employee benefit schemes such as Cycle to Work, Eye Care Vouchers, Season Ticket Loans, and Give As You Earn.
